Daily use

OPEN

- Open the Tablet link fullscreen (the QR stays the same).
- Each worker opens their own dashboard link on their phone.

SERVE

- Customer scans QR → picks worker → enters name + WhatsApp → joins.
- Worker taps Call Next, sets minutes, taps Call & Start.
- Use the call / WhatsApp buttons if the customer isn't around.
- Tap the green tick when done, the red cross for a no-show.

CLOSE

- Nothing to do. Queue auto-resets at 11 PM; daily totals are saved.

Queue safeguards

- The QR is permanent and can also be printed.
- Customers must be at the shop to join (location check).
- One join per phone, and one per device every 30 minutes.

If something's off

Tablet QR blank	Check Wi-Fi, refresh the page.
'Queue is closed'	Joining runs from 11 AM to 10:45 PM Malaysia time.
'You must be at Bossman'	Allow location in the browser.
Owner page empty	Make sure link ends with ?pin=8888
Worker page empty	Use the correct link with their PIN.
